ACM DEVELOPMENT MEMBERSHIP – f

Introduction:

ACM Development Membership category is designed to offer advice and possible assistance to new Christian media organisations to help them get established.

To qualify for Development Membership:

1. You must apply for membership in the name of a prospective media entity – a planned radio or TV station, or other Christian media initiative.
2. The aims of the media entity must be in line with the ACM vision of extending God's kingdom.
3. The entity must be registered as a PBO, NPO or non-profit Trust or PTY (Ltd). You must supply a copy of your registration certificate.
4. You will need a computer with internet connection. This will be necessary for you to apply for a license from ICASA, or to operate any on-line, print, graphics or media ministry. You must supply an email address that is accessed daily.

How the ACM will assist:

1. The ACM will advise on how to apply for a broadcast license, if needed, from ICASA.
2. Advise on technical requirements and solutions.
3. The ACM may facilitate quotes from suppliers.
4. Advice on possible funding sources.
5. Advice on possible administrative or business solutions.
6. Link you with other members who may be able to advise or assist, or provide internship or mentorship opportunities.
7. Pray for your ministry.
8. Facilitate training at a cost-effective rate.

Information will be provided by email; you may call Dave Hotchkiss (0828094711 / 0317670825) or Natalie Turco to discuss any issue, but email is the preferred channel of communication.

What the ACM will not do:

1. Negotiate with ICASA or any other licensing body, or any funding or equipment supplier on your behalf.
2. Promise funding of any sort.
3. Provide any equipment, except through member exchange or donation.
4. Take responsibility for any decision made by you or your organisation, even if that decision is made on recommendation from the ACM.

There will be no charge for Development Membership.
Full (paid) membership of the organisation will be expected within a year of operation.
